Covid-19 Prevention

SOCIAL DISTANCING

Stay home and avoid travelling if have flu-like symptoms.

While using a shared latrine or hand washing station make sure you are 5 steps away from the person in front or behind you.

When visiting the market avoid close contact with either the seller or buyer.

Avoid crowding at one shop.

When visiting the market, posho mill, community health center, boda boda sheds or any other public places make sure you are 5 steps away from the person in front or behind you.

Maintain at least 5 steps distance between yourself and anyone who is coughing or sneezing.
